SLIGHT FIRE IN MANSION HOUSE

But Some One Grew Excited and Turned in a Second Alarm of Fire—Floor Timbers Over Cellar Caught Fire From Heater—More Smoke Than Fire.

While Maurice Geary was busy about 7 o'clock this morning cleaning the ashes out of the heater in the cellar of the Mansion House on lower Broadway, he happened to glance up at the ceiling and saw that the floor timbers were on fire. Hastily dropping his work he ran out of the building toward the Connelly Drug Company and called to F. B. Dennis to turn in the fire alarm on the corner, Box No. 25. Mr. Dennis did so, later some one grew excited and turned in a second alarm from the same box.

Fire Chief Chipp, Deputy Chief Murphy and the fire department were quickly on the scene and had the fire extinguished, but found it unnecessary to use water, the blazing floor timbers being extinguished with the aid of chemicals. As the firemen reached the scene smoke was pouring out of the building, and it looked like a serious fire until the department got inside and found the fire confined to a small space in the south corner of the Mansion House Garage, which occupies the first floor of the building.

The second floor is occupied as a factory, but none of the girls had reported for work when the alarm of fire was rung in, and there was no one on that floor.

At Box 25 is located in the heart of the downtown business section at Broadway and Strand, in front of Connelly Drug Company's store, when it rang business men either came down town or telephoned asking where the fire was.

The damage was slight.

ANNUAL MEETING ULSTER MEDICOS

Will Be Held In City Hall Friday Afternoon—Society Organized In 1896.

The annual meeting of the Medical Society of Ulster county will be held at the City Hall, Friday afternoon at 3 o'clock. The program to be carried out is as follows:

The society was organized in 1896. The present officers are: President, E. D. B. Loughran, Kingston; vice-president, Dr. George W. Wilkison, Poughkeepsie; secretary, Dr. O. D. B. Phillips, Kingston; treasurer, Dr. E. E. Norwood, Kingston; delegate to state society, Dr. F. L. Eastman, Kingston; alternate, Dr. Mark O'Meara, Kingston.

AUTO RAN AWAY WRECKING WINDOW

At noon today Dr. R. Y. Hubbard of Tannersville drove his enclosed automobile down Broadway, and left it standing close to the curb in front of Greenwald's store, near Abbot street, while he and his wife entered the store of Dr. Samuel Stern, the oculist, across the street. They left their little daughter sitting in the car.

A few minutes later the auto suddenly started to run away down the Broadway hill. The little girl opened the door and leaped out unharmed, while the machine continued on its way. When in front of Max Hulse's shoe store the auto suddenly dashed on the sidewalk and crashed into the store front, wrecking the plate glass window. In front of the store on the sidewalk stood a large show case in which shoes were displayed. This was also struck by the auto and completely wrecked. When caused the car to start is not known. Just before the car started the auto came through Abbot street, running down Broadway, and some think it may have hit the runaway car, a glancing blow, starting it on its journey down the street.

The front of the auto was damaged from the force of the collision.

PRIESTS OBSERVE ANNIVERSARY

Rev. Kenny and Rev. Fitzpatrick, Formerly Well Known Here, Among Eight in New York Who Celebrate Ordination.

Eight priests in New York city on Wednesday, December 17, celebrated the anniversary of their ordination. Two of these were at one time rectors in Ulster county, they being ordained twenty-seven years ago. One is Rev. Arthur J. Kenny, of St. Monica's, New York city, who was stationed at Saugerties for three years, being appointed rector in November, 1916, and three years later was promoted to St. Monica's. The other is Rev. Mallick J. Fitzpatrick, well known in this city, at one time an assistant at St. Mary's Church, The Most Rev. Archbishop Patrick J. Hayes, head of the New York archdiocese, was a classmate. But left three months in advance of his class so he might enter the Catholic University of America at Washington, D. C.

Father Fitzpatrick, of the Mission of the Immaculate Virgin, the summer home of which is situated at Mount Loretto, Staten Island, is a native of Little Falls, Ulster county. He received his primary education in his home town and entered St. John's College, Fordham, in 1883, graduating five years later. Archbishop Corrigan accepted the young man for the New York archdiocese and sent him to St. Joseph's Seminary in Troy.

After his ordination he was appointed an assistant at the Church of St. John the Evangelist, East Fifty-fifth street, New York, and was later transferred to St. Mary's, Rondout, where he remained four years. Then he was assigned to St. Mary's parish, New York, and later appointed by late Cardinal Farley (then Bishop) to be first assistant to the Rev. James J. Dougherty, superior of the Mission of the Immaculate Virgin, being given charge of the mission house on Lafayette street. At the death of Father Dougherty in 1904, Cardinal Farley (then Archbishop) appointed Father Fitzpatrick rector of the mission. His rectorship has been one of the most successful in New York.

COL. HALFORD HERE SUNDAY

Will Speak at Y. M. C. A. Auditorium—Religious Work Committee Plans Four Mixed Meetings.

The Religious Work Committee of the Central Young Men's Christian Association has planned to hold four mixed meetings during the winter months. Very able speakers who will give addresses on important subjects will be secured and programs of considerable interest will be arranged.

The first service will be held Sunday afternoon, December 21, at 3:30 in the Y. M. C. A. Auditorium, theatre when Lieut. Col. E. W. Halford of New York City will speak on the subject "Rest and Unrest," with special relation to the present social conditions and their remedy. He is a man of wide experience. He was private secretary to President Harrison during his entire term, and since 1893 has been an officer in the regular army. He is now retired. For the last ten years he has been engaged in missionary work having been connected with the Laymen's Missionary movement. He is a member of the board of foreign missions of the Methodist Church. Both men and women will be well repaid for hearing this speaker.

F. C. Freeman, Associate editor of Association Men, will be present and in ten minutes will give the key note impression of the Detroit convention. Special music will be furnished by Muller's orchestra. The song service will be conducted by C. W. Lewis. The whole program warrants a good audience.

K. H. S. BASKETBALL.

Locals Meet Newburgh Academy and New Jersey Team Soon.

The Kingston High School Fire will meet the fast Newburgh Academy basketball team Friday evening on the local floor and a fast and exciting game may be expected. The Newburgh team is playing a good game this season and the locals will have to step some to come out with the home end of the score. The game will be called promptly at 7:45 o'clock.

Monday evening, December 22nd the Union Hall basketball team will journey to Kingston and meet the local boys. The Kingston High School team is putting up a good article of ball and hope to add the Jersey boys to their list of "wins."

Deceased Re-elected.

Dr. Toombs to the Freeman.

Paris, Dec. 18. Paul Dechand was re-elected president of the chamber of commerce.

It is recorded that this victory may have been due to the fact that the president of France is French. Dechand is a Frenchman. M. Dechand was opposed today by one other candidate.

11 BELOW ZERO DURING NIGHT

Kingston Experienced Coldest Night and Day of Present Cold Wave—Last Tow of Season Valued at Quarter Million Dollars—Walking on Ice at Connelly.

With the thermometers registering from 3 to 11 degrees below zero, according to where they were located, Kingston and vicinity is having the coldest 24 hours of the present cold spell. During the morning thermometers hung at the zero mark, and pedestrians clung to their ears.

The Cornell Steamboat Company made every effort to get the last tow of the season started Wednesday, but were held up by one of the local brickyards, which did not get several brick barges loaded in time. As a result the tow did not leave that day. This morning at the Cornell line office it was stated that the tow would leave today as early as possible.

The last tow of the season has cargo valued at a quarter of a million dollars. In case the ice is too thick to force a passage through it will mean a decided loss to the barge owners to await the opening of navigation in the spring.

No word has been received as yet at the office here of the Central Hudson and Newburgh will cease their trips between here and New York, but if the cold spell continues it will mean only a matter of a few days.

The steamer Newburgh was forced to make an extra round trip Wednesday and today owing to the fact that the Foughkeepsie on her way up the river broke her propeller wheel. A new wheel was installed today and it was expected she would resume trips Friday.

So intense was the cold during the night that ice from three to four inches has been formed in the Rondout creek, and the Connelly ferry was unable to make trips this morning. Residents of Connelly crossed on the ice this morning.

Rivermen say that the ice in the Hudson river in this vicinity runs from one to four inches in thickness. Wednesday night the steamer Storm King, of the Catskill Evening Line, made her last trip to New York, and indications are that river navigation on the upper Hudson is about over for the season.

The Hudson river night boats are still running, but with cold weather prevailing it is likely they will shortly be taken off.

The Catskill Mail states that the ferry running between Hudson and Athens has stopped running, and the ferry A. P. Beach, between Catskill and Greendale, will make her trips as long as the ice permits.

The ice is not thick enough off Kingston Point to interfere greatly with the trips of the ferry transport. All of the ice houses along the Hudson river have been placed in readiness, and if the cold weather continues and the ice grows thick enough it is likely that the ice companies will lose no time in harvesting a crop. Last winter not a pound of ice was harvested from the river; houses are empty.

In the mountains ice thick enough to be harvested is reported.

EXPLOSION AT GOVT ARSENAL

Series of Heavy Blasts Near Dover, N. J., Kills Two Marines and Causes Panic Among Many Who Thought Portia's Prediction Had Come True.

By Telegram to The Freeman.

Dover, N. J., Dec. 18.—Two men were fatally hurt and seven less seriously injured while fighting a fire that followed a series of heavy explosions at the government's Pica-ninny arsenal early today. The wounds were caused by exploding shells of heavy calibre. One of them struck Private Paul McCormick, of Akron, Ohio, an American marine, ripping open his abdomen and nearly severing his legs from his body. He died shortly afterward in the hospital. A second marine named Wilkins died in the hospital from wounds.

When the explosions began a panic broke out in some parts of the surrounding country among persons who thought that the prediction of the end of the world was being fulfilled.

The first explosion occurred in the experimental laboratory. Fire broke out immediately, spreading into the carpenter and machine shops. The damage is estimated at \$1,000,000.

Most of the injured men were United States marines, who were guarding the plant when the explosions occurred. Afterwards they joined the firemen in fighting the flames.

Two other injured men were Private Paul Greene, of Boston, and Private Luce, whose home address was unknown.

Buildings were rocked and windows seven miles away broken by the tremendous concussion. The muffled roar of exploding gunpowder was heard all the way to New Brunswick and Staten Island. The cause of the explosion is unknown. It occurred in a powder magazine and burning debris spread the flames to other magazines.

Major O. L. Miles, U. S. A., in command of the troops at Pica-ninny, immediately sent emergency calls to Dover, Walton and other nearby towns for volunteer fire fighters.

The work of conquering the flames became very difficult through zero weather. The water froze and the hands of the fire fighters were numb from handling the hose.

NAMES PRIEST FOR E. KINGSTON

Archbishop Hayes Appoints the Rev. David O'Connor to Succeed the Late Father Reilly.

Archbishop Hayes has appointed to the pastorate of St. Colman's Church of East Kingston, the Rev. David O'Connor, who for the past twelve years has been assistant at the Church of the Holy Rosary, East 119th street, New York city. Father O'Connor began his ministry fourteen years ago at St. Peter's, Roseton. He is a classmate of the deceased rector, the Rev. John B. Reilly. Father O'Connor will assume charge of his new duties next Sunday.

CLOTHING FUND.

Donations Should Be Made Today—Distribution Tomorrow.

Up to the present there has been received for the fund to buy warm clothing for needy children in Ulster county the sum of \$25. There have been contributed the following additional sums: From the public health committee of the Federation of Women's Clubs, the sum of \$5; from Miss Louise Van Hovenberg, \$5; from Wesley D. Hale, the sum of \$10, making the total of \$45. This money will be spent for clothing today and tomorrow the county nurse and county agent will visit the southern part of the county and distribute the clothing purchased today. But the need for additional sums is great, especially with the weather so extremely severe, and all who can make any contribution to the fund are asked to do so just as soon as possible. Contributions may be sent to Herbert Carl, who started the fund.

MOYLE DECLINES.

City Sealer Not to Serve as Exonerator of Cows.

William Moyle, city sealer of weights and measures, has filed his declaration of appointment as exonerator of the Ninth ward for the federal census which will shortly be made.

Christmas Mass.

St. James's Methodist Church is being most tastefully decorated with great streamers of laurel, and the Sunday school with other evergreens, and there will be brilliant flowers, hanging bells, and brilliant flowers. The services on Sunday will be both in the church and in the Sunday school. On Sunday night there will be a "Christmas" mass, but of a kind which will be out of the ordinary. It may be worth while listening to.

SUPERVISORS AGAIN TURN DOWN HOME BUREAU

Resolution to Appropriate \$1,000 Laid on Table By Close Vote—County to Be Run With Aid From County Prevention Committee.

The board of supervisors at their adjourned session, held at their rooms at the court house, Wednesday evening, refused to appropriate \$1,000 for the Home Department of the Farm Bureau, having by a vote of 15 to 14 voted to lay a motion on the table that such an amount be appropriated. The motion or resolution was offered by Supervisor Frasier by request of Supervisor Young, of Marlborough, who at the regular session endeavored to have a similar resolution adopted but without success.

There were several women present when the session started about 8 o'clock, when the regular business was taken up.

The first matter was the introduction of two acts, one by Supervisor Wilkison of Lloyd, that that town be authorized to issue five per cent bonds in the sum of \$21,300, the proceeds from the sale of which are to be used to pay for additional cost of construction of the Highland-New Paltz county highway. The other act was introduced by Supervisor Dayton of New Paltz authorizing that town to issue five per cent bonds in the sum of \$8,400, the proceeds from the sale of which to be used to pay for the additional cost of construction of the New Paltz-Highland county highway. These acts were read by title and later the board went into committee of the whole with Supervisor Frasier in the chair, and read by sections and approved and the committee when it arose so reported through Chairman Lounsbury and the acts were laid over until the next meeting for final passage.

The committee on ratio and apportionment reported the several tax rates which was filed and later on motion of Supervisor Kolts the report was adopted and the several tax rates as determined in the report were adopted by the board as the tax rates for the levy and extension of taxes in each of said respective tax districts.

Supervisor Lounsbury offered a resolution which was adopted that the taxes extended on the tax rolls of the towns be adopted and that the amounts set forth therein be fixed and determined as the taxes due from each person corporation and parcel of land; that the collector's warrants for the collection of taxes, signed by the chairman and clerk of the Board of Supervisors and sealed with the seal of the county of Ulster, be affixed to the tax rolls of the respective towns, and the rolls delivered to the respective collectors of taxes here or before the 31st day of December, 1919.

A communication was read from the Ulster County Committee on Prevention of Tuberculosis, stating that there was an increase in the prevalence of tuberculosis in the county and there was a necessity for additional facilities to care for those in their care. The committee stated it would be willing to turn over the hospital to the county if the county would maintain it. The committee will furnish complete, any additions that may be made to the buildings and care for the inmates or patients under treatment and give such further aid as may be possible. The communication was signed by Joseph M. Fowler, president for the committee. It was filed.

Notices and petitions were read from town boards of Lloyd and New Paltz, giving approval to the passage of acts authorizing the issuance of county highway additional cost of construction bonds. Filed.

Under the head of motions Supervisor Frasier offered a resolution that the sum of \$1,000 be hereby appropriated and paid to the Home Department of the Ulster County Farm Bureau Association by the county and if there is none to borrow same on the credit of the county. He asked that the privilege of the floor be extended to Judge Clearwater who was present and who would be heard on the matter.

Judge Clearwater made a strong appeal for the adoption of the resolution. He was the first original life member of the Home Bureau and had watched the good work of the bureau which was a most beneficent work and was a most worthy institution in state and county. The statement that it was a political movement was untrue, neither was it a movement to secure the members of the board that it could be made a political movement. It was a movement to secure the county had been maintained by a statement that was false to the effect that there were more degenerates in this county than in any other county in the state. In fact it has fewer than any in the state. As to the Jakes family there were some of them living today, the last of them dying in prison, he had himself seen several in state prison while he was district attorney. He spoke of the high standing of Ulster county; being high in patriotism. It should live up to its loyalty. He praised the ladies members of the bureau who are not, but among degenerates, but to the homes of the farmers to teach the women better methods of home-

The city rate is not given. It will be announced when a budget is adopted early in January.

work; to teach household economics. The leading newspaper in the county last night printed columns telling of the work of this worthy society. The women profit nothing from their work spending their time and money to the town. Without county aid they will get no aid from state or national funds. Judge Clearwater asked the members of the board if they would go on record as refusing the first application for an insignificant appropriation of \$1,000 to this educational work. The voters of the county would favor it and if 97 per cent of the men should be marshalled in front of the court house today they would demand them to make the appropriation as requested. The judge was applauded by the ladies present and some of the supervisors at the completion of his advocacy for the appropriation.

Mrs. C. N. Reed then read a resolution adopted by the Federation of Women's Clubs appealing to the board to assist the Home Bureau work and calling attention to the good work of the women as had been noticed by the club members.

Supervisor Doyle inquired what amount the Home Bureau would receive from the state and federal government in case the appropriation of \$1,000 was made. Mrs. William A. Warren, president of the Home Bureau, stated it would receive \$1,100, being \$500 from the state and \$600 from the national government.

Supervisor Schermerhorn said "It looks now that the tax budget has been made up it would be unwise to open up the question at this late day, as it opens up further requests for appropriations. I have been requested today over the telephone to ask for appropriations. I think they should wait a while. Judge Clearwater undoubtedly knows what he is talking about and that the women are sincere in their efforts in working to relieve certain existing conditions, but I think at this time when the taxpayers are burdened to the limit, and that as the matter had been previously referred to a thoroughly competent committee, which committee had seen fit in their judgment to report unfavorably as to the previous application for the appropriation, no action should now be taken. No doubt some appropriation should not have been made but that was something that could not be helped now. The board should act as representatives of the taxpayers and not as individuals. I stand here for the taxpayers and no one should condemn a supervisor for looking after the tax rate. I move to lay the resolution on the table. This motion was seconded and upon a vote being taken the motion of Supervisor Schermerhorn was carried, yeas 15, nays 14.

The vote was as follows:
Ayes—Brink, Brown, Charlton, Cook, Dayton, Hardenbergh, Sagamore, Snyder, Van Etten, Wiedemann, Wilkison—15.
Nays—Doyle, Clear, Frasier, Frasier, Harcourt, Kolts, Lounsbury, McMillin, Sax, Schermerhorn, Sleight, Terwilliger, Winfield, Young—14.

Those absent or on vacation were Supervisors Avery, Ellis, Franklin and Lounsbury.

Supervisor Stephan moved and it was adopted that the district attorney be empowered to draw from the county and July fund \$500 for expenses necessary during the year for the women better methods of home-

Now Six County Scout Districts

So important did the Scout movement prove to be as shown in the recent world war, that every effort is now being put forth to increase the Scout activities throughout the entire country. Right here at home we are to have Scouting seriously and enthusiastically undertaken, not just in a few spots in Kingston City, but throughout the entire county. Already the county organization of the Ulster County Boy Scout Council has been formed with six districts mapped out in the county.

The organization thus far completed for the county is as follows: Chairman of the Council, the Hon. Charles Walton; first vice-president, Bryn Hasbrouck; second vice-president, Principal Charles W. Lewis; third vice-president, Prof. Norman T. Boggs; treasurer, E. E. Eastmead; Commissioner, Judge Joseph M. Fowler; Executive, W. G. Muhlenberg.

There will be three departments, namely, Administrative, Training and Instruction and Awards.

The chairman of the Administrative Committee is Bryn Hasbrouck, with E. H. Bogart chairman of the Committee on Troop organization; Mayor Palmer Canfield, chairman on Finance; Sidney Hudson, chairman on Publicity; A. Carr, chairman on Camp and Camp equipment; Ralph Cohen, chairman on Equipment and Supplies.

The chairman of the Training Department is Principal C. W. Lewis, with Stanley Gregory chairman of Scout Leaders' Training; Mr. Dr. Frederick Snyder, chairman of Health Committee; R. G. Service, Crafts; Clarence Hornbeck, chairman of Sports and Captain W. B. Webb, chairman of the Sea Scout Committee.

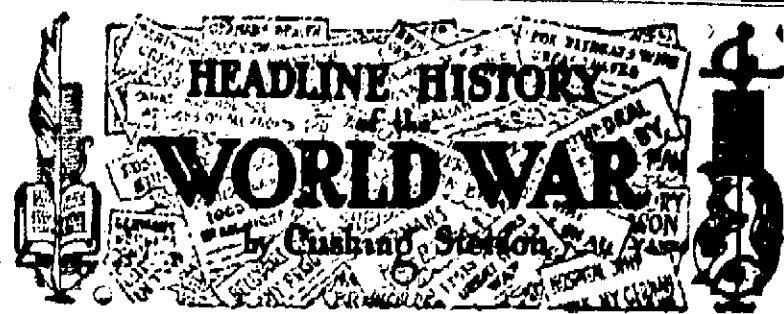

Prof. N. T. Boggs is chairman of Inspection and Awards, with Judge Fowler chairman of inspection, and for awards there is a Court of Honor composed of John T. Washburn, E. A. Smiley, Harcourt J. Pratt, Dr. Henry Van Hovenberg, Rev. Leitch Williams, D. O. W. O. Schwarz-welder.

In addition there will be 24 members at large, chosen from the six districts of the county, which are to be organized. In this way, the entire county will be equally represented on the Ulster County Council of the Boy Scouts of America.

SOARING IN ETHEREAL SPACE

Editor Freeman:

From the innovation of comets at stated and irregular periods, may they not prove to be planetary scavengers, or we might say clarifiers of our atmospheric conditions. From what other source could be taken the force of a radiometric light to penetrate the ether of other worlds and bands of vapour in space? Is there not enough of radium matter contained within our earth to connect with the radium nubes of a world larger than ours? Would not the bands of coma come within our plane or as near as the counter currents of the atmosphere from the motion of the earth by oscillation or gravitation would permit? When directly facing us has the stream of light been known to reach past or to the opposite side of the globe? Is there anything to show to the contrary? From the early Chinese by Montucia, the Chaldeans, the observations of Ptolemy, Bailey's theory, the Greek and ancient philosophers, including several others of ages past up to and including Hipparchus, until we come to a void space up to the time of Ptolemy, 200 A. D., whose works were translated in other languages and stood pre-eminent up to the 15th century. After him came Muller and Copernicus. During the life and time of all the above mentioned authorities it remained for a Kepler, Galileo, Halley and the authors since their time to the present day to give exhaustive researches in the movements of comets and meteors. May there not be found in the streamer, half a vacuum inhaling the dust or fragments of other worlds forming again in its head the nucleus of another satellite which when formed from the incubus of the gaseous vapors surrounding it would be moulded to a sphere passing through the same evolutionary turmoil that our globe has encountered, until it bursts asunder the bands of vapor surrounding it and takes its place in the plane of the orbit in space.

DOES THE PUBLIC COME IN?

Dr. Garfield's plan for settling the coal strike was based on a fourteen per cent increase of wages to the miners to compensate them for the increase in the cost of living. The strike of the steel workers was for the purpose of compelling the United States Steel Company to pay them a wage commensurate with the increased cost of living. The threatened tieup of the railroads by the members of the four brotherhoods of railway employees was justified on the ground that their standard of living could not be maintained under existing prices unless their wages were correspondingly increased. Manufacturers, mine operators, wholesale and retail dealers, and everybody who has anything to sell have increased their prices, not only to cover the higher costs of the labor and materials they have to buy but on a percentage basis so that they, too, will be compensated for the higher cost of living.

But where does the public come in? What of the millions of salaried men, of those who make up what is known as "unorganized labor," and of the others who have no means at their command for raising their incomes, but who must depend upon the justice of their employers for any increase in compensation that may come to them? Those people, who form by far the greatest portion of our citizenry, are completely at the mercy of the others who are so situated as to be able to wring from the public a sufficient increase in their incomes to offset any rise the price of living may take. Upon the public falls the entire burden of that increased cost. Chairman Hays of the Republican National Committee calls for "exact justice for labor, exact justice for capital, and exact justice for the public." It is difficult to define "exact justice," but if it means anything at all it means that those three classes of our people must each shoulder its share of the burden of the war and of the high cost of living that has been the aftermath of the war. That sort of exact justice is precisely what the Wilson Administration has not granted. Labor has received, through the willing acquiescence of those in power at Washington, benefits far beyond those to which it was justly entitled. Capital, in many instances, has been permitted to extort unconscionable profits far in excess of pre-war percentages. Neither capital nor labor, each taken as a whole, has lost any advantage during the period of the war or since. Rather have they both increased the tax they have been able to take from the people as a whole.

It is upon the public, as distinct from capital and labor, that the burden of high prices has fallen. Although the protestations of the Administration in behalf of the public have been loud and long, not one single step has been taken to lighten the load which that public is carrying and shift some of it upon the shoulders of labor and capital. The specious plea of the organized wage earner that his standard of living must not be lowered, and of the capitalist that his profits must keep pace with his increased costs, are listened to with sympathetic ear. Little attention is paid to the silent public which must bear those advanced wages and profits with no means of receiving a compensatory increase in income.

To remedy that condition of affairs and compel all classes of our citizens to assume equally the burdens of national reconstruction will be one of the duties awaiting the Republican party when it takes over control of the executive department of the Government in March, 1921. Its tremendous responsibilities are recognized in advance, and the problem will be approached with the advantage of intervening months of study.

The Dairymen's League has disavowed specifically and by name two of the agitators who were very active during the war in spreading a vast amount of oratory on the subject of the farmer's "wrongs." One of

these alleged wrongs was the fixing of the price of wheat which, the orator said, caused farmers to restrict their acreage, thus reducing production. One of these men publicly made the false assertion that the wheat crop of 1918 would be less than that of the preceding year because of price-fixing. The government crop report disposed of that falsehood and slander on the loyal farmers and now the latest crop report shows that with price-fixing abolished the wheat acreage even last fall is some 12,000,000 acres less than last year when price-fixing was in full force. So the wheat grower does not seem to have been so greatly abused after all but instead was practically guaranteed a handsome profit on all the grain he could grow. Now that artificial stimulus has been withdrawn and the natural law of supply and demand is coming back to life the wheat growers have reduced their acreage in order to keep up the price by avoiding over-production. It is evident that the farmer is amply able to take care of himself and that the orators who went about preaching discontent were merely trying to farm the farmers.

Keshonk-on M. E. Church Fair.

The fair held last week at the Walling Works of Keshonk-on M. E. Church was a success. The speakers served on the program of November 5 and 6, 1919, the entertainment given were highly satisfactory. The fancy booth took in \$11.00 and the church pot and candy booth also did well. The sum of \$1,100 was realized. The ladies wish to thank all who contributed to the success of the fair.

3 Million Dollars but— It bought MUSIC

No finer example of courage is known to the world of science than Thomas A. Edison's work in perfecting the phonograph. The skeptics rose in full chorus when he proposed a better phonograph—an instrument "that could produce music as human as the artists who first gave it utterance."

MR. EDISON'S EXPERIMENTS EXHAUSTED THE ENTIRE FIELD OF RESEARCH IN SOLID REPRODUCTION. HE BUILT AND REBUILT UNTIL HIS FINAL PERFECTED MODEL COST HIM THREE MILLION DOLLARS.

And the result?

Ask some one who attended the Alice Verlet recital last Tuesday evening. There was the public proof. Miss Verlet sang in comparison with the RECREATION of her voice by the New Edison. And no one could distinguish the living voice from its RECREATION.

The NEW EDISON

THE PHONOGRAPH WITH A SOUL.

If you love music you will agree with Tuesday's enthusiastic audience. The New Edison represents Three Million Dollars well spent. The soul of song is cheap at any price. Yet it is now brought within reach of your pocketbook. The instrument used in Tuesday's conclusive test is a duplicate of Mr. Edison's Three Million Dollar Model. It sells for \$285 (in Canada, \$431).

the leadership of Rev. J. R. Vaughn
and meets in the lecture room of the
Phoenicia Baptist Church Sunday
afternoons at 4 o'clock. It has a
splendid membership, which is in-
creasing all the time. All men are
cordially invited to attend.

The list of officers are as follows:
Henry Kilmer, president; E. G. Ben-
nett, treasurer; Clinton Sahler, act-
ing secretary.

Tuesday evening, December 17, at
Odd Fellows' Hall, Phoenicia, N. Y.,
at 8:15 o'clock, the third annual
banquet was held, which was also a
"welcome home" reception to the
soldiers and sailors of this commu-
nity. A well arranged program pre-
ceding the banquet was as follows:
Overture—Mlle Modiste.
The Velvet Lady.
The Little Whopper.
Flora Bella.

Mollott's Orchestra.
The above numbers were very much
appreciated by the amount of ap-
plause rendered. Address of wel-
come to the soldiers, sailors and in-
vited guests by Henry Kilmer, pres-
ident of the Men's Loyal Legion,
which was very cordial and well re-
ceived by all.

Program—Part One.
Open the Gates of Gladness and Bub-
ble
Star of the East.
My Wild Irish Rose, Emil Closs.
Swiss Bells, George W. Herges, pi-
ano accompanist.
Selected Humorous Stories.
Song, Betsy Ross, Emil Closs.

Razor.
Tune a Four-in-Hand Tie—Panto-
mine.
The Role of No Man's Land.
In the Garden, Swiss Bells, piano ac-
companist.
Never Imitation of a Possum.
Stockings in a Row—Recitation.
Bible Belts
Silent Night, Swiss Bells, piano ac-
companist.
I've Got My Captain Working For
Me Now.
By the Camp Fire, Mollott's Orches-
tra.

Program—Part Two.
Emil Closs introducing schoolmas-
ter and scholars of "Ye Village
School."
Schoolmaster, Emil Closs. Scholars:
May Bent—Recitation, "How I
Made My Mark."
Babe Green—Song, "I'd Like to be
Like Grandma."
Ralph Cunningham—Composition,
"The Sun."
Samuel Tease—Song, "I Don't Want
to Go to School."
Iris Teal—Song, "Oh, Little
Mama."
A. Irving Hope, Swiss Bells, violin,
piano accompanist.
Community Songs:
There's a Long, Long Trail.
Oh Black Joe.
My Country 'Tis of Thee.
Swiss Bells, Orchestra.
The Swiss Bells.
Mollott's orchestra was at its best
and Mr. Closs kept his audience in
raptures of laughter by his varied pro-
gram of sketches and clever imper-
sonations.

After the second part of the pro-
gram was concluded a banquet was
served to about 150 people at the
beautifully decorated tables in national
colors, all in keeping with the occa-
sion. Rev. J. R. Vaughn offered prayer.
Dinner: Roast pig with dressing, col-
ored mashed potatoes, cranberries,
pickles, cheese, jelly, bread, butter,
ice cream.

Telegrams and letters of regret
were read by Mr. Kilmer, president
of the Men's Loyal Legion, from the
following soldiers, sailors and nurses
who were unable to be present but
sent hearty greetings and best
wishes for the success of the Legion:
H. J. Goldsmith, Newburgh, N. Y.
J. Fred Guzik, New York city, F. C.
Lewman, Syracuse, N. Y. C. W.
L. H. H. New York city, Mrs. O. F.
H. J. New York city.

These telegrams by Mollott's or-
chestra were rendered during the
banquet and afterward a social hour
was enjoyed.

The hall was most attractively de-
corated with large American flags,
small Allied flags, also streamers in
the national colors, and praise was
paid on all sides regarding the
beauty of the decorations. The suc-
cess of the affair was due largely to
the following committee:

General Committee—Harry En-
gels, chairman, Henry Boice, E. G.
Bennett, John Bolles, Henry Kilmer,
treasurer, Leon Clark, chair-
man, Herman Jones, Rev. J. R.
Vaughn.

So much praise cannot be given
to Rev. J. R. Vaughn and Harry
Engels who gave so much of their
time and energy to make the evening
so a great success.

The Legion wishes to express their
thanks to all and to the ladies who
helped so kindly bring forth the
evening's entertainment.

A special enjoyed the evening
and all were there until the very
close of the same happy and merry.

PORT EWEN.

Port Ewen, Dec. 18.—Mr. and Mrs.
Everett W. Diehl of Poughkeepsie
spent Sunday with Mr. Diehl's par-
ents, Mr. and Mrs. Christopher
Diehl, on North Broadway.

Mrs. Antha Sherman, who has
been the guest of Mr. and Mrs.
Charles Neice on Main street, return-
ed to her home in Cortland Thurs-
day.

Port Ewen Lodge, No. 656, I. O. O.
F., will attend the service in the
Methodist Church this evening. They
will meet at the store of Alexander
Crook and march in a body.

Two hundred and twenty-five dol-
lars were raised by the members of
the Ladies' Aid Society of the Re-
formed Church instead of the annual
fair.

Rev. G. B. Mead and a delegation
from Connelly and Rev. P. C. Wey-
ant, pastor of Trinity Methodist
Church, Kingston, were present at
the Methodist Church Tuesday even-
ing.

Rev. George Cranston, pastor of
Clinton Avenue Methodist Church,
and daughter, attended the service
in the Methodist Church Wednesday
evening.

Evangelist T. LeRoy Muir preach-
ed the second part of the sermon on
"The Second Coming of Jesus." He
chose as his text Thes. 4:17-18. In
order to preach a complete gospel
one must preach the second coming
of Christ. He is coming again and
He will destroy the wicked and with
the brightness of His coming, Jesus
Christ will come before the millennial
age and to receive His own. Chris-
tians, the bride of Christ, are His
own. Our mission is to evangelize
the world, to preach the gospel.

Christ will come like lightning and
those who died in Christ shall be
caught up to meet Him in the air.
Then the great tribulation will occur
on earth. This period will be so ter-
rible that it is impossible to describe
it. If you are out of Christ you shall
remain here during his period. After
this Jesus is coming again in glory
to reward His own for their works.
We shall be rewarded for the number
of souls we win for Jesus. We
should love His appearing. We shall
receive a crown and power with Him.
We shall rule with Christ for He
shall be with Jesus. We shall meet
all our friends who died in Christ.
We won't have any quarrels,
troubles, strife, etc. He is coming to
reign and to judge. The anti-Christ
shall be destroyed. Those who have
died without Christ are in hell to-
night. Those who have died with
Christ are "absent from the body,
present with the Lord" tonight. Af-
ter the tribulation and the millennium
period the host of the devil shall
fight against the saints of the Lord
and shall be defeated and cast into
the lake of fire. Christ may come to-
night, tomorrow, when will it be?
No man knoweth, not even the an-
gels, but God the Father knows. We
should be ready tonight. Are you
ready? God help you to be ready to
meet Him tonight.

Russell E. Kaufman, song evan-
gelist, sang a message on the second
coming in the meeting Wednesday
night, "One Day." After the message
of the evening "You Must Do Some-
thing With Jesus" was sung very ap-
pealingly by Mr. Kaufman, just be-
fore the invitation was given to come
"home to God."

The mid-week prayer and praise
service will be held in the Reformed
Church this evening at 7:30 o'clock.
Topic: "What Does Christmas Time
Mean to Me." A good attendance is
desired as there will be no mid-week
service next week owing to the Sun-
day school Christmas exercises on
Thursday evening.

Shakespeare's "Seven ages of man" pay tribute to Horlick's Malted Milk

From across every sea and land have come thousands of grateful letters to the Horlick offices, paying tribute to Horlick's Malted Milk. Mothers of contented babies, soldiers after a campaign, explorers back from the ice fields, high tension business and professional workers, invalids and the aged—all tell of the different needs that Horlick's has filled.

Horlick's has proved itself to be the ideal food for every age of Shakespeare's Seven. It is so complete in itself as to contain every element of nutrition necessary to sustain life—even of the most robust—and yet it is readily digestible by the delicate stomach of the infant and the invalid.

In these interesting extracts from letters to us the story is told:

1st Age. "First the infant in the nurse's arms"
"Wrote full to express how grateful I am to Horlick's Malted Milk. My babe was given up to me and she would not live through the night. But the next morning it still lived, and while we anxiously watched it, a neighbor persuaded us to try 'Horlick's'. It was like putting oil on the wick of a dying lamp; she improved rapidly, and is now the joy of the house."

3d Age. "Then the soldier seeking reputation at the cannon's mouth"

"Clara Barton of the Red Cross in her stories of the Spanish-American War tells how Colonel Roosevelt asked the Red Cross to sell him some supplies for some sick men in his regiment, but she declined. 'We cannot sell them, but you can have them for asking.' 'Oh, then I do ask for them.' 'All right, what is your list?' The list was Horlick's Malted Milk, etc. Colonel Roosevelt slung the heavy sack over his shoulder, and trudged off through the jungle."

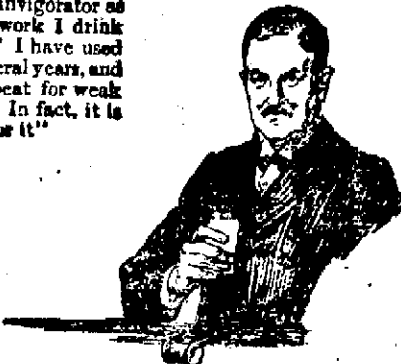

2d Age. "Then the school boy with his shining morning face"

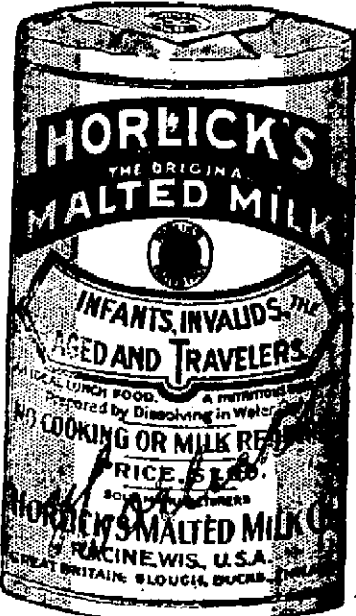

"I raised five children on 'Horlick's', and they all love it still. It can't be beat as a nutritious lunch between meals for a growing boy or girl."

5th Age. "And then the justice fall of wise saws"

"When I need an invigorator as the result of my work I drink a cup of 'Horlick's'. I have used it constantly for several years, and find it cannot be beat for weak stomach, as a diet. In fact, it is all that is claimed for it."

The Original and Reliable
ROUND PACKAGE
In use for over 1/2 century

7th Age. "Last scene of all that ends this eventful history"

"I could not do without it. It surely is a sleep producer and I am a nervous person, but Horlick's Malted Milk has helped me greatly. I have learned by experience that 'Horlick's' is as excellent for well people as for invalids."

6th Age. "The sixth age with spectacles on nose"

"I am 60 years old, and consider it a fortunate day when a friend induced me to try a cup of Horlick's Malted Milk. I use it with benefit and pleasure two or three times a day. It is delicious and has done me a world of good."

A SHORT COURSE IN AGRICULTURE

To Be Prominent Feature of Highland High School—To Be for Real Farmers and There Are No Entrance Requirements or Fees.

The response to the idea of a short course has been such that the agricultural department of Highland High School has decided to make it a big part of its winter activities. The course is to be designed expressly for men (and particularly young men) who are now engaged in farming and expect to make farming their life work. Its aim will be to give to each student who enrolls, something, or rather, some things which he can carry home with him, ideas which he can really use in the course of his year's work on the farm. That means that the keynote of the instruction will be the word "practical."

The topics to be covered, according to present plans, are as follows: Spraying fruit; fruit pests, with special reference to their control; fruit marketing and packing; fruit propagation—grafting, budding, etc.; soil management; pruning; fertilizers and manures; farm accounts; farm shop work—woodworking, tool sharpening, saw filing, etc. Although to be conducted in as informal a way as possible, the work on these topics will be intensive. Every minute must count, due to the shortness of the time. In so far as possible, the course is to be organized from the standpoint of seeing and doing by the student, rather than talking and telling by the instructor. In most cases the order of instruction will be a complete concise explanation of the topic in hand, then laboratory and practice work by the student to fix the essential ideas in mind by using them right on the spot. If possible, the subject of fruit marketing will be handled by a trip to the New York markets—in itself a worthy short course, considered from the standpoint of its educational value. In all cases, practical knowledge and experience will be assumed, and instruction in the finer points will be based on that assumption, with the aim of increasing the efficiency of the student's original knowledge.

Local experiences and facts will be the basis of all work given, and it is hoped that some of the most successful of the local fruit growers can be induced to give of their experiences for the benefit of those attending the course. At least one representative of the College of Agriculture will be present at part of the sessions, to contribute the very latest from the scientific side. The regular teacher of agriculture will constitute the administrative force, and also contribute what he can.

The course will be of two weeks' duration, sessions beginning at 9:30 a. m. each week day except Saturday. From 12 o'clock until 1:15 p. m. will be lunch hour. Afternoon sessions will last until 4 or 4:30 p. m. The first session will be held on Monday morning, January 12, at 9:30; the last session will end on Friday afternoon, January 23. All sessions will be held in the rooms of the agricultural department at the Highland High School, unless students are notified to the contrary. There are no entrance requirements except a real interest in the work, and no fees of any kind. Enrollment may be made at any time by writing to the teacher of agriculture, Paul R. Young, of Highland, or by attending the first session, if a previous decision is not possible.

WALKER VALLEY.

Walker Valley, Dec. 18.—George Budd, who has a position in Middletown, expects to move his family there soon.

William Buckridge of Newark, N. J., spent Sunday with his parents, Mr. and Mrs. S. D. Buckridge. The remains of Paul Holiday of Pleasant Valley were brought here for interment on Monday. His widow has the sympathy of the entire community.

Miss Edith Crutcher is spending some time with her sister, Ethel, in Paterson, N. J.

William Evans, son of F. E. Evans, Flatbush, Brooklyn, spent the week end with his grandmother, Mrs. Nancy Evans, and aunt, Jennie, and called on his uncle, David E. Evans.

Mr. and Mrs. Schwaeger, who have lived the past two years on the Lulher's place, returned to Brooklyn this week.

Christmas entertainment will be held Friday evening, December 26. Mrs. Donovan returned to her home here, after spending a few days in the city.

Aldred Mance of Port Jervis is visiting her brother, Thomas Mance, of this place.

Mrs. J. C. Depew of Cragmoor spent Monday in town.

Mr. and Mrs. Randolph Noll returned to their Brooklyn home. Mrs. Frank is spending the winter in Brooklyn.

Mr. and Mrs. Jacob Wiese and two little children will spend the holidays in New York.

C. F. Keller and Thomas Mance, Jr., spent Monday in Middletown. The many friends in this place of Henry Penny of Pine Bush, who fell several feet from a ladder by a scaffold falling and upsetting the ladder, are glad to hear he is getting along so nicely.

We are sorry our teacher, Mrs. Raymond Killy, will not return after the holidays.

Mrs. L. E. Ellis and daughter, Ruth, are in the city for the holiday season.

Warts Are Contagious.

Warts are contagious, as is proved by experiments on their own fingers made by Drs. E. J. Wile and L. R. Kinney of the University of Michigan Medical School. These physicians seem to have proved that the warts are caused by some sort of a virus that passes easily through a skin and therefore through the sound human skin.

SOUTH BENDPORT.

South Bendport, Dec. 18.—The Epworth League meeting on Sunday evening was led by Mrs. E. Haines. Our pastor gave an excellent sermon on Sunday morning from these words: "Take Time to be Holy." At the offertory the choir, assisted by Mr. Meade, sang the hymn, "Take Time to be Holy."

The school children are rehearsing for a Christmas entertainment to be given at the school house some evening next week.

Capt. James Lander of New York spent a few days this week at his home on Connelly Heights.

Mr. and Mrs. Isaac Hestling and Mrs. and Mrs. E. B. Haines were entertained at the home of Mr. and

the house lately purchased by George Hestling to the Robinson house on Front street.

Leslie McKinley of New York has been spending a few days with his family here.

Rev. George Meade and Mrs. Meade spent a day last week with friends at Stone Ridge.

THE UNIVERSAL CAR

Would it not be an ideal gift for either Mother, The Boy or the Girl to find a Little Ford waiting for them on Christmas morning?

All equipped with starting and lighting system. A Brother of the millions of other Fords now on the road.

This sure would tickle their hearts. Something they would enjoy for years to come.

Would it not be a Christmas present for them to be thankful for?

A Five Passenger Touring Car for You, Your Wife and Family electrically equipped with freight and war tax charges included for \$552.00

We have just a half dozen we could deliver by Christmas.

If you could not use the car this winter, let us keep it for you until spring but still give it to them for a Christmas present.

Let us try to help you make this Christmas a day not to be forgotten in your family.

HIGHLAND

Highland, Dec. 17. Order of Eastern Star held its regular meeting Monday evening and elected officers for the ensuing term, as follows: Worthy matron, Mrs. Elizabeth Seefeldt; worthy patron, Mr. Bait; associate matron, Mrs. Stover; treasurer, Mrs. Seaman; secretary, Mrs. Florence Palmer; conductress, Mrs. Annie Maynard; associate conductress, Mrs. Annie Bloomer. At the next meeting the worthy matron elect will appoint the remaining officers. The importance of thorough work is very often lost sight of by officers but this is a duty which should receive much attention. Nothing adds so greatly to the attractiveness of meetings and induces greater interest among members as a proper interpretation of the ritual in the ceremony of conferring degrees. There was quite some enthusiasm at the meeting. All trust the administration will surpass all previous efforts. Now if all members will attend and give their support to incoming officers there will be no trouble for the chapter to grow rapidly. A Christmas tree nicely decorated and with gifts for all was the social part and every one received a valuable gift. Then there were quantities of good things to satisfy the inner man and everyone had taken with him to the lodge room, his appetite.

Grangers will have a card party and dance in Free's Hall, December 26th. Music for dancing will be furnished by the Elite orchestra from Marlborough.

Last Friday evening at the M. E. Church lecture room the Auxiliary Club's president, Mrs. R. H. Decker put on the farce, "Maidens all Far from Home." The cast consisted of six women characters, and these people distinguished themselves as first class. Mrs. Arthur Schaefer, Mrs. Charles Talbot, Mrs. Kellie Stables, Mrs. Lloyd Place, Mrs. R. A. Reynolds and Miss Hattie Dickenson. This was a three act farce and between acts, Mrs. Grace Scott and Miss Dorothy Churchill gave instrumental selections which were very much enjoyed. Miss Hall and George Canfield gave vocal selections and both responded to encores. They sang with much expression and were accompanied by Mrs. Kellie Stables. A very noteworthy feature was the unanimous praise of the audience in regard to the farce. The three acts were bright and entertaining and met with the entire approval of all present. The call was stage manager. At the close of the play the people remained for a social time and enjoyed the story and cake. The club treasury was enriched by a fine sum of money for which they are grateful.

The laughter of America held their regular meeting Monday evening and had a Christmas tree and lunch. They had invited the families of the members for the tree and lunch. The tree was a fine one and very handsomely decorated with an abundance of food and toys. The decorations were appropriate for Christmas and to make it more like a home there was a Mr. and Mrs. Santa Claus. They distributed gifts and made a whole lot of fun for all. There were all kinds of sandwiches, baked beans, cabbage salad, jelly, pickles, cheese, cake, coffee and bananas. After the distribution there was dancing and games.

Mr. J. M. Seefeldt was out of town Tuesday.

Mr. John Graham and daughter.

Dorothy, of Newburgh are visiting Mr. and Mrs. Myron Terpening this week.

Methodist and Presbyterian church people are preparing their Christmas entertainments.

Queen Esther members held their regular meeting Tuesday evening with Mrs. Arthur Schaefer. All went back to childhood days. They all looked fine dressed as kids and they were busy getting gifts ready to send away to make some children happy. They had a jolly evening and the hostess served refreshments which all enjoyed.

Mrs. Flora Lacey spent some time this week in Albany as a guest of her sister, Mrs. Dickerson.

George Cornell and daughter were guests on Sunday last of relatives in Poughkeepsie.

Mrs. J. J. Donovan who has been in the Kingston City Hospital for two weeks has returned home very much improved in health.

Mr. and Mrs. Clifford Terpening and son spent the week end with relatives in Milton.

Mr. and Mrs. Lew Martin entertained a party of their friends last Friday evening at their home on the state road.

The Foreign Missionary of the M. E. Church held its regular meeting at the home of Mrs. W. E. Wilcox Wednesday with good attendance. The program leaders were Mrs. H. W. Maynard and Mrs. S. W. Ferris.

Mrs. J. Melins had charge of the Mystery Box. This was a very interesting meeting. At the close of work, refreshments were served and enjoyed.

Mr. and Mrs. F. L. Palmer returned Sunday evening from a few days spent in Greenville, having been called there to attend the funeral of a friend.

Miss Laura Palmer will soon be home for the holiday vacation.

"SLOAN'S LINIMENT NEVER FAILS ME!"

Any man or woman who keeps it handy will tell you that same thing

ESPECIALLY those frequently attacked by rheumatic twinges. A counter-irritant, Sloan's Liniment scatters the congestion and penetrates without rubbing to the affected part, soon relieving the ache and pain. Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, the result of exposure to weather.

Sloan's Liniment is sold by all druggists, 35c., 70c., \$1.40.

Sloan's Liniment

Keep it handy

Human Life Needs Beauty. Men cannot live by bread alone. The mind cannot develop on an exclusively scientific diet. If we eat on our spinning globe and studied only the physical laws that keep it going we should become either lunatics or machines. The lines of beauty in the form and decoration of a vase, and the studied harmony of tones and colors that stir the soul, as though they were musical sounds, are like to the inscriptions made on his dungeon walls by a life prisoner, who, with their aid, drives away madness and keeps his mind sweet. — Chicago American.

XMAS SWEETS WITHOUT SUGAR

Since sugar is difficult to secure and Christmas candies are so much a part of the holiday festivities, the Ulster County Home Bureau is suggesting some sugar-saving candies which may be made at home.

Beside the recipes given in this article the Home Bureau has two very helpful bulletins, one entitled, "Sugar Savings Desserts and Confections," the other "Sugarless Confections," which may be secured by calling at the Home Bureau office, 43 Crown street, or sending your request by mail or telephone. The telephone number is 1697-J. These bulletins are for your use and all of the recipes given have been tested and approved.

Sugar Saving Candies.

Molasses Peanut Bar—One cup molasses, 1/2 teaspoon soda, 1 teaspoon vinegar, tablespoons sour cream, 1/2 cup peanuts.

Cook the mixture until it forms a hard ball when it is dropped into water. Beat it until it is cool and then pour it over the peanuts in a greased pan.

Molasses Puffed Rice Bar—One cup molasses, 1/2 teaspoon soda, 1 tablespoon butter, 1 teaspoon vinegar, 1/2 cup puffed rice.

Cook the mixture to the hard ball stage. Remove it from the fire and beat it slightly, then pour it over a layer of puffed rice in a greased pan.

Marshmallow—One tablespoon powdered gelatin, 1 1/2 cups corn syrup, 1-2 cup water, 1 egg white, salt, 1 teaspoon vanilla.

Soak the gelatin in 5 tablespoons of cold water. Add the 1-3 cup of water to the 1-2 cup and cook the mixture to the hard ball stage. Pour this over the gelatin, beating it constantly. Add the egg white beaten stiffly, then add the salt and vanilla. Beat the mixture until it is very stiff, then pour it on a dish dusted with cornstarch. When it is cool, cut it into squares and roll the marshmallow in cornstarch and sugar.

Corn Syrup Caramel (with Sugar)—One-half cup sugar, 2-3 cup corn syrup, 1 tablespoon butter or 2 tablespoons sour cream, 1 teaspoon vanilla.

Boil the sugar and syrup until it will make a soft ball when it is dropped into cold water. Add the butter and vanilla just before removing it from the fire. Let the candy cool, then beat it until it is stiff. Pour it into a greased tin and when it is hard cut it into squares and wrap them in oil paper.

Chocolate Caramels—One cup corn syrup, 1 square chocolate, 3 tablespoons sour cream, 1 teaspoon vanilla.

Cook the syrup, the chocolate, and the sour cream to the hard ball stage. Add the vanilla and pour the mixture into greased tins. When cool, mark the caramels into squares.

Molasses Kisses—Three-fourths cup molasses, 1/2 cup corn syrup, 1 egg white, 1 teaspoon vanilla.

Cook the molasses and syrup until it reaches the hard ball stage. Re-

move it from the fire. Beat the egg until it is stiff and pour the syrup slowly over it, beating constantly. Add the vanilla and beat until the mixture is stiff. Turn it into a greased pan and when it has cooled, cut it into strips and roll them in oil paper.

Butter Scotch—One cup corn syrup, 1 teaspoon lemon extract, 1-1/2 teaspoon salt, 1 teaspoon vinegar, 2 tablespoons butter.

Cook the corn syrup slowly until it is nearly to the caramel stage (149° C.). Add the remaining ingredients just before removing the syrup from the fire. Pour it into a greased tin and mark it into squares or drop it on waxed paper.

Soft Taffy—Three-fourths cup corn syrup (white), 1/2 cup molasses, 1 1/2 tablespoons vinegar, 1 1/2 teaspoons butter, vanilla.

Cook the candy without stirring it to the crack stage. Turn it onto a greased plate and when it is cool enough to be handled, pull it, working in the vanilla while pulling it. With scissors cut the taffy into desired lengths and roll them in oil paper.

Soft Taffy—1/2 cup molasses, 1/2 cup corn syrup, 1 tablespoon vinegar, 1/2 teaspoon soda, 1 tablespoon butter, 1 teaspoon vanilla.

Cook the ingredients to the crack stage. Pour the mixture on a greased plate and when it is cool enough to handle, pull it.

Fruit Paste—1/2 cup chopped apricots, 1/2 cup chopped figs, 1 cup raisins, 1 cup corn syrup, 1/2 lemon, juice and rind.

Put all the ingredients on to cook and simmer the paste until it is clear and thick. Turn the mixture onto greased plates and let it stand until it is cold. Cut it into cubes or strips and roll them in sugar or wrap them in oil paper.

Apple Paste—1 cup apple sauce, (3 medium apples), 1/2 cup corn syrup, 1/2 lemon, juice and grated rind.

Pare and slice the apples and cook them in water until they are tender. Put them through a coarse strainer or mash them with a potato masher. Measure the sauce and to every cup add 1/2 cup of corn syrup. Cook the mixture until it is thick, adding the lemon juice just before it is done. Pour the paste onto a greased plate to dry.

Variations: 2 teaspoons of finely cut preserved ginger may be added with the lemon. Orange juice may replace the lemon juice. Chopped nuts may also be used.

Apple Cherry Paste—2 cups apple pulp, 1 1/2 cups corn syrup, 1 cup cherries, 1/2 lemon, juice and grated rind.

Cut up the apples, leaving the skins on. Cook them to a pulp with just enough water to cover them. Put this through a colander and boil the pulp for five minutes. Add the other ingredients and cook the paste until it is thick and clear. If a darker color is desired, a little vegetable coloring may be added. Spread the paste on a greased plate and when it is thoroughly dry, roll it up in oil paper.

Candied Apple—1 cup corn syrup, 1/2 cup water, apples.

Make a heavy syrup of the syrup and water cooking it until it threads. Add slices of apple (not pared) and simmer them until they are clear. If more color is desired add some red fruit coloring. Drain

the apples and dry them as quickly as possible.

Candied Grape Fruit—1 pound grape fruit, 1 1/2 cups corn syrup, 1/2 cup sugar (may be omitted).

Cut the grape fruit into strips and stew it until it is tender, changing the water several times to extract the bitterness. Drain and simmer it in the syrup until it is clear. Remove it from the syrup and roll each piece in granulated sugar.

Candied Carrot—1 cup corn syrup, 1 lemon, juice and grated rind, carrots.

Scrape the carrots to remove the outer skin and boil them in salted water until they are tender. Cut them in strips 1/4 inch wide and 1 1/2 to 2 inches long (if the center is stringy do not use it). Boil the syrup until it forms a soft ball in cold water. Add the lemon and the carrot and let it simmer until the carrot is clear. Remove the carrot and dry it as quickly as possible.

Candied Cranberries—1 cup cranberries, 1 1/2 cups corn syrup.

Prick each berry with a fork or needle. Have ready a syrup of corn syrup cooked until it forms a soft ball in water. Pour in the berries and let the syrup come to a boil but not bubble. Shake the kettle gently so as to completely coat each berry. Set it aside until the next day.

Warm the syrup gently until you can remove the berries with a skimmer. Boil the syrup until it will form a soft ball in water, drop the berries in and simmer them gently. Remove the kettle and let it stand over night. Repeat the process the next day and then remove the berries and let them dry.

AT THE THEATRES.

"The Profitier" A Play of Strong Theme and Scenic Beauty.

Anyone who can play a dual role—one of the hardest things on the screen—with the personality, versatility, zest and excellence that Alice Brady displays in her latest select picture, "His Bridal Night," which is showing at Keeney's tonight, deserves every word of praise that can possibly be meted out to her. Other features are the Gaumont graphic news, Prizma natural colored photoplay and "Rubens and Robbers," a big Vitaphone comedy.

Maurice Tourneur's Paramount-Artcraft special picture, "The White Heather," which is at Keeney's tomorrow and Saturday, sweeps away any lingering doubts one might have had about the value of the army's system of copying everything in triplicate.

"The Profitier" will be presented at the Auditorium tonight. For tense situations, strong love theme, bewildering scenic beauty and unusual developments of plot, "The Profitier" has few equals in the photoplay world. Also a Merit comedy and Gaumont News. Tomorrow Evelyn Nesbit and her son Russell Thaw in "Her Mistake."

Mrs. James M. Blake.

Another pose of Mrs. James M. Blake, who is under arrest at Atlantic City, N. J., accused of throwing her five-year old son, "Buddy," into the sea. Alienists are baffled by the strange case of Mrs. Blake, who, according to reports from Atlantic City, has changed her original "kidnapping" version of the death of her son to drowning. It is said Mrs. Blake admits that she and her son were on the Ventnor Pier on the night the boy disappeared, but still she insists she was not responsible for his death. In the inset is shown James M. Blake, husband of the woman, and father of "Buddy."

FACE MUCH RED TAPE

Americans Find Travel in Germany Is Difficult.

Absence of Official American Representation in Berlin Causes Embarrassment.

Berlin.—Lack of American official representation in Berlin is causing American travelers considerable embarrassment.

The Spanish embassy representing American interests can sometimes help the traveler, but more often not. It has too much business to handle. And red tape unwinds slowly in Germany.

As a result of this situation Americans coming here are complaining considerably of the situation.

England and France are liberally represented on missions here. America has none. And its interests have to be conserved mainly by the American legations in The Hague and Copenhagen.

Two stranded American sailors reached town recently, expecting passports here. They were penniless but expected a lift. They couldn't get a passport right away; maybe by waiting long enough they might have had one through the Spanish embassy. Probably they passed the borders somehow "on their own." It can be done, but it's unpleasant.

And at the same time an American business man arrived with a perfectly good pass, but found he needed to travel to Czechoslovakia to complete an important deal. Could he get his pass amended here? No, he had to travel to Copenhagen and run the risk of losing his business deal through the delay.

These are only sample cases. Daily Americans with difficulties as bad as or worse than those above cited are here, and find that the U. S. A. isn't among those present. They say it should be.

HENS FALL FOR NEW SCHEME

Indiana University Expert Makes Them Work Overtime by Electric Light.

Lafayette, Ind.—Purdue university's experiment in increased egg production here through the use of electric lights in poultry pens is proving a success, according to Prof. A. G. Phillips, who has charge of the work. He says that the hens in the coops that have electric lights are laying more eggs than the hens in unlighted coops. In the coops with lights the hens continue scratching and hunting for food. It is said, whereas in the other pens the hens hunt their roosts as soon as darkness comes. With the additional amount of food and exercise the hens in the lighted pens become better egg producers. The electric lights are kept lighted until ten o'clock each night, giving the hens about five and a half hours' overtime work each day.

"Then hens have no unions that we know of, so there is no objection to the longer working day," said Professor Phillips.

ROB JAIL TO GET WHISKY

Williamstown, W. Va., Lockup Is Loaded of 32 Cases of Liquor.

Marion, O.—Whisky isn't safe in West Virginia, even if it is locked in jail.

Chief Bush of Williamstown, just across the Ohio river from this city, made the discovery when he went to the village jail to inspect a haul made by two Marion detectives and himself.

Thirty-two cases of good whisky were in a truck which three men attempted to smuggle into West Virginia from Marion. The experts got the men and the liquor.

The latter was held in the Williamstown jail and the men locked up here. Last night someone reversed the usual order of things and broke into the jail. It's day today.

COUNTY COURT—COUNTY OF ULSTER

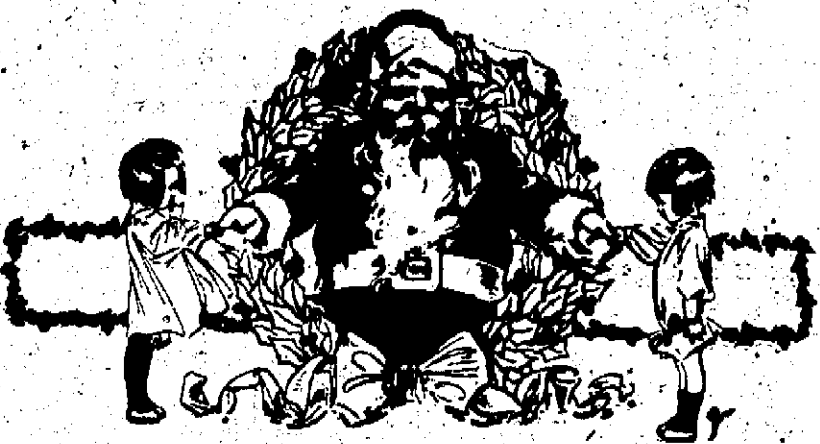

John H. Luer, Plaintiff, against Bertha Mandinger, William Toombs, Adam L. Feilberg, Beattie Feilberg, Bertha Mandinger, if living, or if dead, her heirs at law, and their husbands, wives or widows, heirs at law, devisees, legatees, executors or administrators, judgment creditors and grantees, receivers, tenants and successors in interest and their respective husbands, wives or widows, if any, all of whom and whose names and places of residence, except as herein stated, are unknown to the plaintiff, Robert Markson and James McNamee, Defendants.

In pursuance of an order of foreclosure and sale, made and entered in the above entitled action, bearing date the 18th day of November, 1919, I, the undersigned, do hereby give notice to all persons having any claim or interest in the premises described in the following described premises:

All that tract or parcel of land situated in the Town of Gardiner, County of Ulster and State of New York, described as follows: viz: It being a part of the land and real estate late of Severin Brady deceased, distinguished on a certain map of the said County of Ulster, State of New York, made by Charles Brady, representing a division thereof for the purpose of selling the same by lot, No. 2 of CAROL SERVICE
AT HIGH SCHOOL

On Friday afternoon of this week, at 2:30 o'clock, there will be held at the Kingston High School Auditorium the first Christmas Carol service ever held by the children of the graded and high schools of the city. It will be both a unique and beautiful service, at which the public is cordially invited to be its guests. In addition to the 400 picked voices,

chosen from the children of our public schools, both grade and high, there will be the High School Orchestra, supplemented by musicians from the graded schools and Miss Phillips, supervisor of music in the schools, promises the people of Kingston a very real musical treat in this Carol service. Remember, this service is entirely free to the people of Kingston and it will be held at 2:30 o'clock Friday afternoon at the high school.

New Man at Canfield's

The Canfield Supply Company has secured the services of Andrew Taylor, formerly with Van Slyke & Hor-

ton. Owing to the rapidly increasing business the Canfield people have found it necessary to put an experienced man in charge of their mill supply department and Mr. Taylor will look after the pulleys, belting, boiler tubes, gauges, etc.

Tears Benefit the Eyes

The Italian child is never permitted to rub its eyes. If it hushes late tears it is not repressed, but permitted to have the cry out. This, it is claimed, beautifies the eyes and makes them clear, while rubbing the eyes injures them in many ways.

Training Memory.

The memory ought to be a storehouse; many turn theirs into a lumber room. Train the understanding. Take care that the mind has a street and straight stem. Leave the flowers of wit and fancy to come of themselves. Like the sun, we cannot see it moving, but after a while we perceive that it has moved; nay, that it has moved onward.

1,800 Candles

At the coronation banquet of George U. Westminster hall was lighted by 1,800 candles.

"DOC" WATERBURY IS TRANSFERRED

Impersonator of Irvin S. Cobb Taken From Sing Sing to Dannemora Prison.

By Telegraph to The Freeman.
Ossining, Dec. 18.—Forty-one applications for parole were acted upon favorably yesterday by the parole board in session at Sing Sing prison. Among the 8 prisoners released was Luigi Filippelli, who in February, 1901, was sentenced to death for complicity in the death of two men in Manhattan. Subsequently the sentence was reduced to life imprisonment.

Jacob Polstein, who was arrested following the collapse of a tenement in Manhattan which he was erecting, which killed two men and injured seventeen others, also was released.

"Doc" J. H. Waterbury, known to the police internationally as a confidence man, left here today for Dannemora prison. The reason for the transfer was not made public.

"Doc" impersonated Irvin S. Cobb, in a confidence game here several years ago.

EXPERT WORKERS IN DEMAND

Great Need for Those Who Are Capable and Willing to Do Special Tasks.

"What we need in this country is expert workers," says a woman who makes smart hats for smart people and who says business would be very good if she could get people to work for her. "I hear it all along the line," she continued. "They say there is a great need of employment, but it can't be so, for people don't want to work. I want expert finishers and I can't get them. An advertisement won't bring them. It won't bring anyone. They won't even come to see what you are willing to pay for them. Where are they? I don't know. Perhaps the girls prefer to ride up and down in elevators."

"There were some I knew who went during the war to work on gas masks, but they can't be doing that now, and I don't know where they are. They made good money, and perhaps they are still spending it. I want some models that I am having made in New York, but I have been waiting weeks and I can't get them. I suppose the others are having the same trouble that I am. I talked with a jeweler the other day and he told me he could use twenty expert workmen if he could get them. He can't do it. He has found one old man, and that is the best he can do. What are we going to do? People don't want to do any careful, expert work. They want to do something that is quick and easy and make money doing it."—Brooklyn Eagle.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Mrs. Rose A. McCordie, widow of Samuel McCordie, died at her home in this city this morning. Funeral from her late residence, No. 146 Highland avenue, Saturday morning at 9 o'clock and from St. Mary's Church at 9:30 o'clock, where a high Mass of Requiem will be offered for the repose of her soul. Mrs. McCordie is survived by three daughters, Anna, Grace and Edna, and four sons, James, John, Thomas and Frank; also by four brothers, Edward Cullen of Brooklyn, Frank Cullen of Long Island and Patrick and Michael Cullen of this city.

The funeral of Miss Mary M. Allen, aged 26, who died December 10, was held Saturday afternoon from her late residence at Spillway, N. Y. The services were conducted by the Rev. Roscoe Tarbox, of Dobbs Ferry, M. E. Church, and the Rev. Wilsey, of the Ashokan M. E. church. The solos "Beautiful Isle of Somewhere" and "Nearer My God to Thee" were effectively rendered by Mrs. L. E. Joyce and Mrs. M. J. Joyce of West Haverly, N. Y. The remains were interred in the family plot at Woodstock Cemetery. The following were the bearers: Robert Wolven, Virgil Markle, Leigh Markle, Andrew Gilmore, Jr., Martin Ter Bush and Granville Bush. The floral offerings were many and beautiful. Miss Allen was of a very sweet and affectionate disposition. Her friends, who were many, will mourn their loss. She is survived by her parents, Mr. and Mrs. John Allen, one brother, James Allen, and two sisters, the Misses Sarah E. and Emma J. Allen.

More than three hundred priests and three thousand persons attended the solemn requiem Mass for the Rev. Father John D. Reilly, held Wednesday morning at the Church of St. Charles Borromeo, on West One Hundred and Forty-first street, New York city. The music was chanted by a double quartet of priests, under the direction of the Rev. Michael J. Shea. Following the Mass, Archbishop Hayes, assisted by the Rev. David O'Connor and the Rev. John Stanley, performed absolutions over the body. Father Reilly died on Saturday last at his new parish, St. Colman's at East Kingston, N. Y. Before going there last July he had served ten years at St. Charles Borromeo and three and a half years at the Holy Rosary, in Harlem. He was a brother of the Rev. Michael A. Reilly, pastor of St. Barnabas's Church, in Woodlawn. The members of the Mystic Rose Council, Knights of Columbus, acted as pallbearers. Interment was in Calvary cemetery.

Gulf Stream.

The current of water through the ocean, which is commonly called the Gulf stream, is of varying width at different points. Its width, according to the conditions that influence it, may vary from 45 to 100 miles, and its course also varies slightly from time to time. In popular usage the name is often applied not only to designate the Gulf stream proper, but much of the oceanic drift of the north Atlantic.

Novel Danger Signal.

The United States bureau of mines announces that it has developed a novel method for giving a danger warning in mines, particularly metal mines, in which compressed air is used throughout the workings. An illuminating substance is injected into the compressed air line, and within a few minutes the odor is spread through all parts of the mine.

Cork Trees.

Cork trees grow in Sardinia. A tree is stripped of its bark only once in nine years.

Strange Happening.

Billy was the favorite neighbor and playmate of little Jeanette. While Billy was visiting some relatives in the country he accidentally broke his arm. When he returned home with the arm in a sling and dressed up properly with aplomb, she cried in great excitement, "O, mamma, Billy has come home and brought his broken arm with him!"

An Original Camouflage.

The spider crab decks itself with seaweed in the hope of escaping the notice of its enemies.

"His Bridal Night"

They were twins—identical in face and form. Both were in love. Each of the men knew he was in love with one of the twins, but he didn't know which one. How were they to tell? When the two men faced the two girls, neither knew which was his sweetheart. The girls had to take the initiative and each went into the outstretched arms of the man who loved her. But finally they invented a plan to distinguish the twins—quite a novel one, too.

"THE WHITE HEATHER"

A Paramount Artcraft Special

How could she prove that she was this monster's legal wife? The only proof that a court would recognize lay at the bottom of the mighty sea, eight fathoms down.

See the tremendous climax to her quandary. See the staggering scene staged in the ocean depths, where the search for the proof of her marriage leads two men to grapple in death combat, that an innocent woman's faith in all mankind might not be shattered.

By special arrangement the undersea scenes in "The White Heather" were produced by the use of the Williamson Submarine Tube and patented inventions, the only means by which such undersea scenes are made possible.

SUPERVISORS IN
FINAL SESSION

One of Last Acts of 1919 Body is to

Order Plans for Addition to Tuberculosis Hospital Submitted to State Health Department—Poor House Hospital Plans Being Prepared.

The board of supervisors had their final session this afternoon, convening at 1:10 o'clock, 28 members being present.

The committee to whom the matter of plans for a hospital to be attached to the county poor house property reported having visited Cooperstown, Otsego county, where a hospital was examined, also viewing others, and reported plans according to the ideas of the committee were being made. Filed.

Acts No. 1 and No. 2, authorizing the towns of Lloyd and New Paltz to issue bonds to pay for additional cost to construction of the Highland-New Paltz highway, were given their third reading and passed.

Supervisor Schermerhorn offered the following, which was adopted: Whereas, the committee on Tuberculosis Hospital has had tentative plans drafted for an addition to the Tuberculosis Hospital, and Whereas, the local committee of the Ulster County Society for the Prevention of Tuberculosis has offered to convey to the county the present site and equipment, and to equip the new addition to the hospital, now, therefore

Resolved, that the said plans for the addition to the Tuberculosis Hospital, together with the additional facts relative thereto, and to the offer of the local committee be forthwith transmitted and submitted to the state health department for the approval of said plans.

Clerk DeWitt called attention to claims of ten clerks employed by the board of elections for service in compiling the list of enrolled voters of the county, amounting to \$978.50. They were sworn to as correct by the two election commissioners.

Supervisor Frasier moved that the bills be audited and the clerk and chairman of the board be empowered to issue warrants for payment of same by the county treasurer on March 1, 1920, the same as other warrants, the money to be taken from any unexpended balances in funds and if none, be authorized to borrow same on the credit of the county. Carried.

On motion of Supervisor Doyle the board of supervisors of 1919 adjourned sine die.

Boston Bank Closed.

By Telegram to The Freeman. Boston, Dec. 18.—The Old South Trust Company, which numbers among its directors prominent Bostonians and city officials, was closed this afternoon by order of State Bank Commissioner Thorndyke. It was stated that the bank was closed because it had failed to make collection through the clearing house. Officials said depositors probably would be paid in full.

Surprise Party.

Wednesday evening a large number of friends and relatives tendered George Parslow of 77 Auburn street, a surprise in honor of his birthday. During the evening, dancing, singing and other amusements were indulged in. When leaving for home all declared Mr. Parslow a royal entertainer and all wished him many more happy birthdays.

La Tour-DeGraf.

Miss Irene E. DeGraf and Fred A. La Tour were united in marriage Wednesday afternoon at 5 o'clock at the Spring Street German Lutheran Church by the pastor, Rev. A. Schmidt. The attendants were Daniel J. Murphy and Stella F. Murphy, his wife. Following the ceremony, luncheon was served at the home of the groom's mother, Mrs. Fredericka Bailey, 30 New street, and the couple left on a short wedding trip.

Billiard Exhibit Free.

Through a misunderstanding the advertisement of the pocket billiard exhibition at the Elk's Club tonight stated that an admission would be charged. Admission will be free, and the Elks will be glad to have every one interested present as an opportunity such as this, to see Tabernary play, is seldom had in this city.

In Memoriam.

In loving memory of my husband, Thomas Jordan, who departed this life December 18, 1916.

Though he died three years ago Sad and sudden was the parting Of the one I loved so dear But his memory I will cherish On and on through the long years.

In memory of my beloved friend, Ward Van Steenburgh, who died December 19, 1915:

Dark and lonely is my dwelling Lonely is my heart today For the one I loved so dearly Passed away one year today Ward you are not forgotten Dear nor will you ever be As long as life and memory last I will remember thee.

LUTHERANS MEET FRIDAY EVENING

In Church of the Redeemer to Form Brotherhood—Three Churches Will Unite in Project.

Plans for the organization of a Lutheran men's club in this city are rapidly nearing completion. On Friday evening of this week another meeting will be held in the Bible school rooms of the Church of the Redeemer when a permanent organization will be effected.

The project has been gaining marked momentum since it was first discussed several weeks ago. Members of the three Lutheran Churches in the city are enthused over the idea of having a men's club and club rooms where the members may meet any evening for wholesome recreation and clean amusement. As stated before the club will have no congregational connections. Its purposes will be the promulgation of the principles of Lutheranism in this city and the fostering of a more fraternal spirit among the Lutheran men here. It will be the means of binding Lutherans together into a common brotherhood to discuss church matters and solve congregational problems. The social side of the club will also be an attraction. The organization proposes to secure club rooms which will be open at all times for the convenience and entertainment of the members.

The meeting Friday evening will be called at eight o'clock. A cordial invitation is extended to all men of the three Lutheran Churches, the Immanuel, the Spring Street and the Church of the Redeemer to attend. Lutheran men belonging to congregations outside the city, but who are residing here are also asked to be present, as the membership will not be restricted to congregational affiliation.

Ferry House Work Halts.

The construction work going on at the Rhinecliff terminus of the Kingston and Rhinecliff ferry, is well advanced, so far as it is to be carried along this winter. The freight house is enclosed and roofed. The enclosure for the south end of the dock is partly finished. The building that stands at the ticket office entrance is yet to be taken down. Work has been begun tearing down the rear addition to the waiting room building that stands between the vehicle entrance and the railroad tracks. The front part will be left until the winter has passed for there is no other shelter and will be none until the new waiting room structure has been put up on the river side of the entrance.

Oust Ossining Police Chief.

James Tompkins, chief of police of Ossining for twenty years, was notified Tuesday that the appellate division of the supreme court had affirmed the order of Justice A. H. F. Seeger ousting him from his position. Tompkins's attorney announced that an appeal would be taken. The first to oust Tompkins was begun two years ago by the Civic League, prominent in which are Mrs. Frank A. Vanderlip and Mrs. Everit Maer. One of the complaints was based on the dismissal by the veteran chief of Mrs. Anna O'Shea, the only woman who ever served on the Ossining police force.

THRIFT CAMPAIGN AND XMAS GIFTS

Kingston, N. Y., Dec. 18, 1919.

To the People of Ulster County:
Many responses to the appeal of the Government Loan Organization for purchases of government securities at this holiday season are coming in daily to City Chairman De Witt, the banks and post offices throughout Ulster county. The banks have \$100 and \$1,000 treasury certificates on sale in many sections of the county. If the spontaneous support of the people in investing part of their savings in these attractive and safe securities continues over the holidays the thrift campaign will be successful. Remember W. S. S. and certificates make excellent and useful Christmas and New Year's gifts, appreciated by all.
WM. C. DE WITT,
City Chairman W. S. S.

Belief Is Everything.

Look at history and it becomes but the thoughts of men come to fact. All facts, all events, all history are the realization of thoughts in the minds of men. It is not a question whether or not faith affects matters, but the question is whether in the long run anything else affects them. As the race believes, so the world is.—Exchange.

75 Per Cent of All Hauling Can Be Done by a Maxwell Truck

THERE are now more than 13,000 Maxwell trucks in use. And we cannot find a single business to which the Maxwell isn't adapted.

Up to this time we have listed over 300 kinds of businesses in which Maxwell trucks are employed.

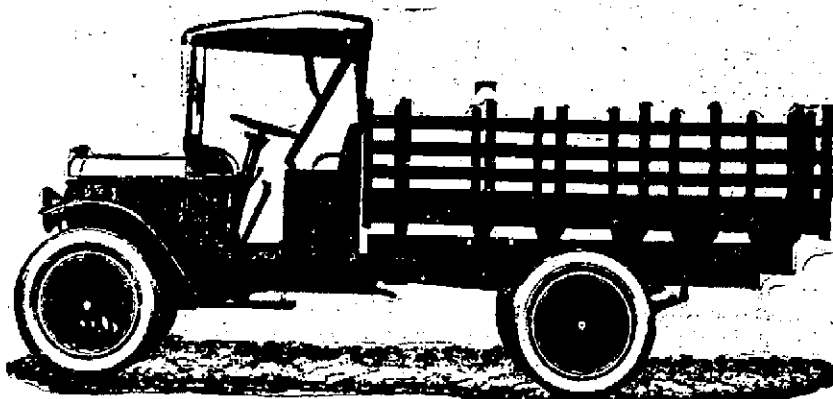

They will do everything a five-ton truck will do except haul five tons at one load. Five-ton trucks aren't better. They're merely bigger.

Big trucks spend more gas hauling themselves than the Maxwell uses at peak load.

How well those Maxwells have done their work is shown by a service record of 99.6% perfect—the greatest record ever made by a motor-driven vehicle.
